Board of Trade Support Passage Of School By-law

The White Rock Board of Trade held their regular monthly meeting Tuesday night in the Masonic Hall, with T. D. Coldicutt in the chair.

A report of the Annual meeting of the Associated Boards of Trade of the Fraser Valley, held at Westminster on Friday, March 29th was read, showing the fine work this organization was doing.

The report contained a resolution from the White Rock Board petitioning that the name of "Douglas" be changed to White Rock. As this seemed to be a very important move, it was referred to the Executive for consideration, with power to take such action as they saw fit.

The Secretary was instructed to again take up the matter of low voltage with the B.C.E.R. Company.

N. O. Carpenter, the new manager of the White Rock Theatre outlined his plan for the re-decorating and re-modeling of the movie house. Mr. Carpenter also told the meeting of his scheme for a bathing Fashion Parade. The Board passed a resolution supporting Mr. Carpenter with this parade.

A sign post at the corner of the Peace Arch Highway and the Campbell River Road came up for discussion and it was pointed out that there is no sign directing traffic to White Rock. W. E. Lefroy volunteered to put this matter in order.

The Board will again take up the matter of cheap railroad excursions to White Rock.

A delegation consisting of Councilor Frank, T. D. Coldicutt and A. Ralston-Canning will interview the Great Northern officials to try and have the cheap rate in effect for the summer season. This same committee will also wait on the Union Steamship Co., with a view of having the Stevenson-Sidney auto ferry re-routed through the Port of White Rock.

Councillor Frank reported that he had interviewed the representatives of the present holder of the lease to the Campbell River Lumber Company Property on the Semiahmoo Indian Reserve, who will take up with his partner in San Francisco the transfer of their equity to the municipality. This, the Board feels, is another step towards having the property set aside as a park area.

The fire truck again came up for discussion, and for a few minutes things were hot and heavy as members expressed their views. A committee was struck to interview the fire brigade, and to work out a scheme to raise sufficient money to put the truck in shape by public subscription.

W. Lefroy and R. Downey reviewed the Paint-up Clean-up Campaign of the Junior Chamber of Commerce. The president expressed his pleasure at hearing of the cam-

King George VI Highway To Be Paved Soon

Assurance that the King George VI Highway to the Peace Arch would be paved by July 1st was given by Hon. A. Wells Grey, provincial minister of lands, in speaking at the Canadian Legion annual Banquet in the Legion hall, New Westminster, Saturday night. Mr. Gray's statement was the first definite word from the government that the paving would proceed this spring. The minister also mentioned the beautiful park that was being created at the Peace Arch.

Canadian Legion

The Canadian Legion, B.E.S.L. held a special meeting on April 12, to discuss ways of making the pier a greater tourist attraction. Tentative plans were made for an open air dance hall.

Another meeting was held on April 16 when final plans for the alterations to the Tea Room were completed.

Plans call for a 40 foot extension to the south side of the present building, enlarging the Tea Room and making room for showers and lockers. A landing stage for boats will be constructed on the east side of the new dock. The old piling will also be renewed. Construction is to start immediately.

The V.O.N. well baby clinic will be held as usual in the Pier Rooms on Thursday, April 25th at 2:30 p.m.

The School By-law Vote

It is possible that some of the voters on Saturday may not be very enthusiastic about the success of the by-law voting to the fear of increased taxation, which none of us like. "Let the government pay for education," we say. But where does the government get the money, and who pays? What would the government do if Surrey refused to build schools? Well, they could take over the municipality, build schools, levy taxes for same, and collect, directly or indirectly, what they would not want to do, nor would we want them to do so.

After all the government pays \$60 per month toward the minimum salaries of our teachers and we pay \$14; and the higher salaries are, I believe, in somewhat the same proportion. The government is now offering us \$50,000 worth of schools. Will we refuse this offer? It is true that we all hope for a higher proportion of school taxes to come from general revenue, and less from real estate; but in the meantime, what a spot the Council and School Board will be in if they find themselves facing the problem of providing school rooms and teachers in Surrey for the increased number of pupils next September, with the necessity of collecting the \$14,000 extra money for schools if the by-law is not passed.

Personally, I cannot see the White Rock residents turning down the advantages which will come to them with a High School at their doors. I still live in hope, even if it is only a day at a time, with the future in the lap of the Gods. None of us like to be put on the spot by the circumstance of our day. However, here we are.

W. C. Frank, Councillor

Construction Starts On New Park End Theatre

The progressive Park End Community will soon be served by its own motion picture theatre, according to Fred Kalley who is starting construction on a modern, fireproof building this week on the corner of Campbell River Road and Kiel Avenue, on the property known as Kalley's Corner. The building will be 110 by 40 feet, with a seating capacity of 450 people and costing from \$18,000 to \$20,000.

The exterior finish will be modern in design and architecture, and the interior will be finished with special attention to acoustics, having a stage and stage equipment to accommodate Little Theatre Movement. The floor will be sloped and dish to insure clear vision from every seat. The projection and sound equipment will be of the latest type.

When finished, the theatre will be operated by Mr. F. Guy Graham who has had 25 years experience in the show business. Mr. Graham is well known throughout the lower mainland, not only in the theatrical business, but in the sports world, having once held the world champion speed-boat record. It is Mr. Graham's intention when the theatre is completed to build a permanent residence here.

Arrangements have been made with the leading film companies for the showing of the latest pictures and first-run pictures will be shown whenever possible.

When practicable, local labor will be used in building of the theatre, and it is expected that the opening will take place on or around the middle of June.

The unfinished building, now

under construction at Kalley's Corner will be pressed to completion with the hope of having it ready around July 1. It will house a general hardware, building supplies and lumber yard, a dine-and-dance hall in the centre portion, and a small meeting room with kitchen in the rear. In architecture it will conform in design to the new theatre.

These two ventures are concrete evidence of Mr. Kalley's firm belief in the future growth and prosperity of White Rock.

Swimming Ass'n. Meeting Called

The White Rock Amateur Swimming Association is calling a public meeting to be held in the Masonic Hall on Friday, April 26, at 7:30 p.m. Everybody welcome.

All Clubs and Organizations in the White Rock district are requested to send delegates to this meeting.

Newsettes

The Surrey Junior Chamber of Commerce will hold their regular monthly meeting on Tuesday, April 23, time and place to be announced later. This meeting will be known as "Bosses Night" and members are asked to bring their boss or a friend.

Mr. and Mrs. Fred Anderson and family of Vancouver spent the week end at "Jaun View."

Scott Whitman has returned home after spending the past few months mining in the Caribou.

Rev. F. Hardy, J. H. Vidal, W. E. Pincheon of Crescent, and W. T. G. Barlow of Ocean Park attended the Westminster Presbytery of the United Church held at Abbotsford on Tuesday, April 16th.

Geo. James has returned to White Rock after spending the winter at Sayward Island.

Hon. W. Asseltine, Deputy Minister of Mines for B. C., is holidaying at his home "Atlin", Maple Street.

Let's Co-operate

Let us all get behind the Clean Up - Paint Up "programme" and help do our bit to make our town-site and municipality a healthier and more beautiful place in which to live.

The health of an individual or a city is affected for good or for bad, by a variety of conditions. A poor, unguarded water supply may result in widespread illness and death, due to the spreading of typhoid and other germs. The condition of yards, roads, lanes, and vacant lots may indirectly affect the health of citizens.

White Rock is fortunate in having an excellent water supply, free from contamination, - but there are a number of vacant lots, boulevards, and yards that are not very sanitary.

These places are unsightly and contribute to carelessness by their presence. From a health viewpoint, they are harbours for rats and breeding places for flies and mosquitoes. The dangers from rats, flies, and mosquitoes to health are well known to all citizens who will stop to think on this matter; therefore, for health's sake, co-operate and clean up vacant lots and stop your gardener or yourself dumping refuse or anything on these properties.

Get Out and Vote

On Saturday, April 20th, the voters of Surrey Municipality will go to polls to settle the school question.

The Surrey Junior Chamber of Commerce have formulated a programme to get the voters to the polls. Voters who are in need of transportation can arrange for cars by phoning Cloverdale 121 L.

All persons who can qualify for the franchise should get out and cast their ballot on Saturday.

Let us have a 100 per cent vote on this all important question,

The Monkman Pass Highway

Now that the excitement of a Dominion election is past, is it not worth while giving thought to the future of White Rock and district?

One thing that could be taken up by every association in the Lower Mainland of British Columbia, is the opening up of a road through the Monkman Pass, undoubtedly the shortest and most easily built outlet to the now isolated Peace River Country.

There are some 80,000 people in this country who wish to do business with and visit the people of the Lower Mainland but cannot because of the long distance of present day travel. Think of the large numbers of tired farmers, their wives and families, who would make White Rock their Mecca of relaxation. Is this not worth while thinking over?

From The Editor's Mail Bag

The Semiahmo Sun invites correspondence from readers on all matters of local interest but the editor does not necessarily endorse the views expressed.

Letters will be published over a nom de plume but the original copy must be signed with the name and address of the writer, for private reference, otherwise the material cannot be used.

The Editor:
Dear Sir:

Is it not time that Martin Street was either regraded or gravelled? This road, from the corner of Washington Avenue to Columbia Avenue is in a terrible condition. What with ruts and loose gravel, cars can not climb the hill without a lot of trouble. To make matters worse there is a large boulder right at the corner that is going to break a spring or someone's neck one of these days.

Couldn't the Board of Trade make the Council do something about this or do we have to wait until we incorporate as a separate municipality?

Yours truly,
Woman Driver

Why not make a resolution to trade at home, with the merchants who support our churches, service clubs, schools, and community charities. Lend your effort toward creating a more enthusiastic community spirit in White Rock, and you will see frowns turn into smiles

A dance review to be given by Miss Lavinie's dancers will be held in the Anglican Church Hall on Friday April 26th at 8:15 p.m.

60 FARMERS

CAN'T BE WRONG

Last year over 60 new milking machines were installed on Fraser Valley farms. Modern electric milkers operating quietly, efficiently, cut production costs way down. Cows give more milk if they are milked at exactly the same speed and pressure each operation, and milking time is cut at least in half.

Sixty Valley farmers declare that no other piece of electrical equipment can save more time and money than a milking machine.

Your B.C. Electric representative will be pleased to answer any questions you desire concerning electric milking.

Great Lakes Cruises Delightful Holiday

A delightful break in the long trans-Canada rail journey and perfect summer cruises are combined in the services offered by the Canadian Pacific Great Lakes steamers. Two gleaming white ships, the "Assiniboia" and the "Keweenaw" make convenient connections at Port William and Port McNicoll, terminal points for their water journey of 542 enchanting miles, and cruises are operated especially for vacationists who like the charm of the vast inland seas.

These two fine passenger ships travel westbound on Wednesdays and Saturdays; eastbound on Saturdays and Tuesdays. The route of these "Circle Cruises,"

from June 15 to mid-September, is most interesting. Westbound from Port McNicoll, the ship glides through beautiful Georgian Bay, past Manitoulin Island, and into Lake Huron. It sails up St. Mary's River, through Sault Ste. Marie to Lake Superior, largest of the Great Lakes, to Port William.

The schedules provide for popular week-end cruises from Sault Ste. Marie or either terminal point, half the length of the full cruise.

Other delightful five-day cruise trips are made by the spacious cruise ship "Manitoba," 292 feet long, 2,616 tons and of steel construction. These cruises from

July 1 to August 25 are from Owen Sound and Port McNicoll to Port William but the route is via the North Inside channel of Manitoulin Island and there is a special stop at Mackinac Island, rich in stories of early explorers and fur traders.

Shipboard activities on all these vessels are patterned on those of an ocean liner — morning bouillon, afternoon teas, midnight snacks, impromptu parties, masquerades, dances and moonlight promenades on deck. Pastimes include shuffle-board, deck quoits and other sports. The ships are equipped with spacious decks, cosy lounges and airy staterooms — the last word in luxurious comfort.

Residents are assured the concert to be given by Miss Lavoie's pupils in the Anglican Church Hall on Friday, April 26 is to be one of the best entertainments of its kind to be held here for some time. The Lavoie pupils from White Rock will be supported by the full Cloverdale class.

Miss Elaine Simms of Chilliwack and Mr. Wm. Dean, bandmaster of the Westminster Boy's Band will be present.

Mr. Carl, of Vancouver, is building a new home on property recently purchased from T. D. Coldicutt.

Congratulations

To Fred Kalley and F. Guy Graham on the beginning of the new theatre.

Wishing them every success in their new venture

Spring is here, -- It is the time of year the average home-owner and business man is busy about the home, repairing fences and lawns, building new flower beds, pools, rockeries, sidewalks, etc.

Many will be making alterations to their stores and others to their homes; staining roofs, painting inside and out, -- so many things to be done, and the time is so short.

You will need garden seeds and tools, paint for the house and garage. Here is listed the various firms in White Rock who are co-operating in the clean-up drive. Some have seeds, some paint and tools, others are helping in a variety of ways to beautify the townsite. Let us all do our part toward making White Rock the most attractive little city in B. C.

There are carpenters, plumbers, gardeners, painters, bricklayers, plasterers and, in fact, workmen for every type of job -- all artists in their particular line -- who are ready and anxious to assist you in making your home more comfortable, or your garden more beautiful. There is no call for you to go out of town, as White Rock has the men, plus the stores and conveniences to supply your wants. Do your spring repair work now and have things in readiness for summer.

V.O.N. Notes

The White Rock Auxiliary, V.O.N. held its regular meeting at the White Rock Lodge on Wednesday afternoon. Mrs. C. Houston presided. It was announced that the three-act play "Here Comes Charlie", so successfully presented here some weeks ago, is to be given at Sullivan on April 26. Plans were made for a Tea to be given to Miss Phyllis Bond to assist her in her work. Mrs. J. H. D. Tucker and Mrs. W. E. Chambers were hostesses.

Book Review

"AN INKKEEPER'S DIARY"
By John Fothergill
A PENGUIN BOOK

The title suggests bucolic junkies, stage coaches, highwaymen and nut brown ale. Actually it is a chronicle of the very modern and unique enterprise of a very cultured, gentleman who equipped an old country inn, and transformed it, by his genius into a Mecca for everyone who appreciated good food, fine wines, old furniture, and a garden.

Mr. Fothergill leaves in his record the impression of a delightfully human person, and his early desire to purge the undesirable from his visitors is both amusing and to him at least rather painful.

To those who knew England between 1922 and 1930 it will be a delight, and to all who read the book it will appeal as the achievement of a man who has brought the art of Innkeeping to perfection.

The reader will meet scores of interesting and distinguished people on whom Mr. Fothergill bestows unstinted praise and kindly sarcasm quite impartially, and of persons mentioned, some will blush with pleasure and some with humiliation.

Let the Sun re-design your printing needs.

Poet's Corner**The New Order**

Time was when man would inch
his way across the earth
and crawl, — and crawl, —
Content to thumb and spin
or grind at simple crafts
and maul
At stone or wooden things
and grub for food or dig
damp caves;
In this machine-made-age
abundance frees the world
of slaves,
The time is past when pain
of empty stomach is
required
To rouse ambition's flame
so that the soul may be
inspired.

L. C. Teeple.

Flower Gardens
By Observer

Queen Elizabeth, on her visit to Canada, was greatly interested in flowers. Special beds of her favorites were planted in various provinces of the Dominion, one special flower that attracted her attention was the Antirrhinum (Snapdragon) and special groups of these flowers were planted in full bloom for the occasion of the visit of their Majesties.

Improved strains of these flowers make a pleasant sight when planted in clumps.

It will soon be rose time and the Queen of Flowers will be one of the sights of White Rock in the near future.

Our small feathered friends, the Humming Birds, are with us again and I have noticed these small, lustrous jewels of the air hovering around the wall flowers in my garden.

Thru the Periscope

By Veteran

On Sunday evening I listened in on one of our U.S. radio commentators (through no fault of my own, as I was visiting friends) and one of those hot gab artists was doing his stuff, "Debunking the War News". Anyone who makes such tomfoolery in regard to this war should be "shot at sunrise."

While our naval men are running risks and battling heavy seas and cold to smash the Huns and giving their lives for humanity, we constantly hear these American "De-bunkers" spelling off their rot over the radio. I am glad there are no such commentators in our land of the Maple Leaf.

There are one or two local residents who, judging from their conversation, seem to be against the British. Aliens and others who 'yap' about our methods should be in Russia or Banff internment camp.

"Davy Jones's Locker" received a hefty consignment of Hitler's naval and other craft this past week.

The White Rock "season" must be upon us, -- I heard a noise echoing from the "briny" that heralds the swimming season, -- the familiar sea-horse gurgling, bubbling gasps resounding over the water from one of our early season swimmers.

Boys, if you are in the army and have to go to Scandinavia to scrap, keep off the "Snoose".

True Co-operation

Merchants and residents of White Rock are co-operating whole heartedly with the Junior Chamber of Commerce Clean up Paint up Campaign. The Community Club have offered to donate a prize to the White Rock school and the Board of Trade are helping in any way possible.

Mr. Carpenter, of the White Rock Theatre is donating ten free passes to local school children, and ten passes to Cloverdale pupils to be given away as prizes in connection with the drive.

Washington Ave.

A New Small Plan

A Summer Home

Planned so that standard materials and sizes may be used without undue cutting or waste, this is another in the series of small houses designed for those in the smaller income brackets.

The lumber companies advertising in this newspaper will be pleased to furnish you with an estimate of the cost.

DRESSES

Smart new Stripes and Polka Dots have just arrived -- Sizes 14 to 40.

Wash Silks and Rayons in the newest shades -- Sizes 38 to 44.

Price range - \$2.38 to 5.98
